  - Spring MVC, Spring REST, Spring Boot
  - English Proficiency: A2 (Pre-Intermediate)
- 

### Work Experience

06.2022 – 10.2022

#### Trainee, Educational Center for Programming and High Tech (IT-Academy)

The project includes the process of curating, organizing and presenting news content. The application was written in 2 versions: using Java Servlet API ([link to GitHub](#)) and using Spring MVC, Hibernate 5 ORM and Spring AOP ([link to GitHub](#)).

**Project role:** News Management.

**Project Description:** The project provides for the registration of a user with the roles of user and reporter. The user has a personal account and can only view the news. The reporter can add news, change it, remove it from publication or even delete it from the database. Localization of the application in Russian and English is provided. Logging is implemented on Spring AOP with saving to a local file in the second version of the project.

## Technologies and tools:

- Jakarta EE, Apache Tomcat 10, Apache Maven, Java Servlet API, JDBC, MySQL, JSP, JSTL, Expression Language, CSS 3, Java Script, Bootstrap 5.
  - Java EE, Apache Tomcat 9, Apache Maven, Spring MVC, Hibernate 5 ORM, MySQL, JSP, JSTL, Expression Language, CSS 3, Java Script, Bootstrap 5.
- 

## Education

09.2004 – 07.2010

**Belarusian State University of Informatics and Radioelectronics.**

**Qualifications awarded:** Bachelor's Degree in Telecommunications and Information Technologies.

01.2022 – 10.2022

**Educational Center for Programming and High Tech (IT-Academy)**

**Course:** [Java Fundamentals](#) (view [certificate](#)).

**Description:** learning Java Core, OOP, Multithreading, Stream API, JSON, XML etc.

**Course:** [Java Enterprise Development](#) (view [certificate](#)).

**Description:** learning Java EE, Apache Maven, Apache Tomcat, Git, Java Servlet, JSP, Spring MVC, Spring AOP, Spring Rest, Spring Boot, Thymeleaf, MySQL, JDBC, Hibernate ORM 5, HTML 5, CSS etc.
